FALL 1926

SPRING 1927

# Fall Price-List

FOR THE TRADE ONLY

*Issued September 15, 1926*

Rose, Mary Wallace, at Franklin Park, Boston, Massachusetts. Planted in the Spring of 1925

NURSERYMEN AND GROWERS  
OF FLORISTS' PLANTS

**Jackson & Perkins Company**  
*Wholesale Only*  
**Newark, New York.**

# Terms and Conditions of Sale

This list cancels all previous quotations. All agreements and contracts are made subject to crop losses through unavoidable causes.

**THE PRICES** named in this list are based upon present market conditions and are subject to change without notice. We invite correspondence with prospective buyers and shall be pleased to quote special prices on want lists calling for larger quantities than are named herein. On the other hand, these are **wholesale prices** and are applicable only to **wholesale quantities**; in no case will we fill retail orders, even though from nurserymen. All orders should be made up in 10's or multiples of 10.

**TERMS.** The usual terms are offered to those of established credit or whose responsibility is known to us. Cash, security, or satisfactory references are required from unknown parties. All bills are due in 60 days unless other arrangements are made at the time of sale. **All prices are net and not subject to any discount** unless specially agreed upon.

**SHIPPING.** Customers are requested to give definite instructions in regard to manner of shipping that they desire. In the absence of special instructions we will use our own best judgment, but with the express understanding that it is without responsibility on our part. All shipments travel at the risk and cost of the purchaser. We have the New York Central, the West Shore, the Pennsylvania Railroads, also the Rochester and Syracuse interurban trolley line, enabling us to ship in any direction over trunk lines. Express is handled over three of these routes.

**BOXES** will be charged for at the rates noted below. These are somewhat reduced on account of our being able to buy lumber more reasonably, but do not really cover present actual cost to us.

10 ft. 30 in. x 30 in.....	\$4 50	10 ft. 20 in. x 20 in.....	\$3 15
10 ft. 28 in. x 28 in.....	4 20	10 ft. 18 in. x 18 in.....	3 00
10 ft. 26 in. x 26 in.....	4 00	10 ft. 14 in. x 16 in.....	2 50
10 ft. 24 in. x 24 in.....	3 50	10 ft. 12 in. x 14 in.....	2 30
10 ft. 22 in. x 22 in.....	3 25		

Add 50 cents on all sizes of 12-foot boxes; decrease in same proportion for shorter boxes.

**BALES** will be charged for at actual cost of material used. We make no charge for packing or for delivery to the railroad station.

**GUARANTY.** We give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any nursery stock, seeds or bulbs we sell, and we will not be in any way responsible for the crop.

**CLAIMS,** for any cause, must be made promptly on receipt of goods. Any stock that is not exactly as represented may be returned to us immediately on arrival, and we will cheerfully, and without question, credit back the unsatisfactory plants, or send others; **but we will not entertain claims made after goods have been once accepted,** or when report is not made within six days after arrival of the stock.

**INSPECTION AND FUMIGATION.** Certificate of Inspection will be furnished with every shipment and, when required, stock will be fumigated.

**SPECIAL NOTICE.** Correspondents are requested to use their printed business letterheads. We do not quote prices to retail buyers nor sell to planters; we have **no retail trade** of our own, and sell to **the trade only**; in justice to our **only** customers, the Nurserymen, Florists, and Dealers, we use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them. **Use printed stationery, or enclose business card.**

**LOCATION.** We are located 30 miles east of Rochester, N. Y., and cordially invite a visit and inspection of our establishment.

Newark, New York, September 15, 1926

**JACKSON & PERKINS COMPANY**

Standard or Tree Roses—Hybrid Teas—growing at Bridgeton. Straight, stocky stems and double, budded tops

Block of Hybrid Tea Roses at Newark. Note the extreme bushiness of the plants

## Roses

**GRADES.** For early fall delivery we offer No. 1 grade only. For late fall and spring delivery we can supply No. 1 ½ (Medium) grade at 30 per cent off and No. 2 grade at 50 per cent off these prices.

### Ramblers and Climbers

(o) On own roots

## Standard or Tree Roses

Budded on strong Rugosa stems

Offered only in assortment with other more plentiful stock

## Teas, Hybrid Teas and Everblooming Roses

\$1.25 each

**Betty.** Coppery rose, overspread with yellow.  
**Crimson Queen.** Red.  
**Francis Scott Key.** Deep, even red, very large.  
**Frau Karl Druschki.** White, constant bloomer.  
**Gruss an Teplitz.** Scarlet.  
**Hadley.** Velvety maroon.  
**Kaiserin Auguste Victoria.** White, fine form.  
**Killarney Queen.** Cerise pink.  
**Lady Ashtown.** Pale rose, shading to yellow at base.  
**Lady Hillingdon.** Deep apricot yellow.  
**La Tosca.** Silvery pink.

**Mme. Butterfly.** Bright pink, apricot and gold.  
**Mme. Caroline Testout.** Rich pink.  
**Mrs. Aaron Ward.** Yellow, sometimes shaded salmon and rose.  
**Mrs. A. R. Waddell.** Scarlet buds, opening to deep reddish saffron.  
**Mrs. Calvin Coolidge.** Golden yellow.  
**Ophelia.** Salmon-flesh, shaded rose.  
**Radiance.** Carmine-pink.  
**Red Radiance.** Dazzling crimson-scarlet.

## Hybrid Perpetual and Miscellaneous Roses

\$1.25 each

**Captain Hayward.** Bright scarlet.  
**Frau Karl Druschki.** White.  
**George Dickson.** Velvety black-crimson.

**Paul Neyron.** Pink, shading to rose.  
**Ulrich Brunner.** Red.

## Ramblers and Climbers

Extra tall, 5½ ft. stems, \$1.75 each

**Dorothy Perkins.** Shell pink.  
**Dr. W. Van Fleet.** Rich shell-pink.  
**Emily Gray.** Yellow.

**Excelsa (Red Dorothy Perkins).** Clear scarlet.  
**Paul's Scarlet Climber.** Vivid scarlet.  
**White Dorothy Perkins.** White.

## Half-Standard Roses

Budded on 18-inch Rugosa stems, 75 cts. each

**Baby Rambler.** Crimson.  
**Ellen Poulsen.** Bright rose-pink.  
**Erna Teschendorff.** Carmine-red.

**Miss Edith Cavell.** Crimson, white eye.  
**Orleans.** Brilliant red.  
**Triomphe Orleanais.** Red.

The wholesale prices in our lists apply on wholesale quantities. Orders should call for 10 of a kind and size, and beyond that for multiples of 10

# Clematis

Strong 2-year-old plants, No. 1 grade

	Per 10	Per 100		Per 10	Per 100
Coccinea. Scarlet, bell-shaped flowers	\$2 75	\$25 00	Jackmani. Purple	\$4 50	\$40 00
Crispa. Blue, bell-shaped flowers	2 75	25 00	Mme. Edouard Andre. Red	4 50	40 00
Duchess of Edinburgh. Double; white	4 50	40 00	Ramona. Light blue	4 50	40 00
Henryi. White	4 50	40 00	Ville de Lyon. Red	4 50	40 00

**GRADES.** We make two grades of Clematis under No. 1, namely, No. 1½ (Medium) and No. 2, which are offered at 30 per cent and 50 per cent respectively under the prices of No. 1 grade. These lighter grades can usually be supplied for fall delivery, except that we reserve the right to defer shipment until a sufficient quantity of No. 1's has been dug to yield the lighter grades.

# “Lodense” Privet

(*Ligustrum nanum compactum*)

## New Dwarf Privet

THE illustration above shows a hedge of Lodense Privet, third year after planting. It is partially trimmed to show the boxwood effect after shearing. This variety of Privet is still going very strong. See page 16 for full description.

The Lodense Privet stands shearing very well and makes a very good decorative plant for tubs, pots, and boxes

# New Red-Leaved Japanese Barberry

(*Berberis Thunbergi atropurpurea*)

**I**T IS only once in a lifetime that a really worth-while, outstanding novelty in hardy shrubs is introduced, and in this new Barberry we have such a plant.

It is similar in all respects to the green-leaved Japanese Barberry which is so popular for mixing in the shrubbery border, as single specimens, or for planting in clumps on the lawn, as well as for foundation plantings and for hedges, but the foliage of this new variety is of a rich, lustrous, bronzy red, similar to the richest red-leaved Japanese Maples. However, unlike these and other colored shrubs in which the coloring fades or disappears entirely as the season advances, this new Barberry becomes more brilliant and gorgeous throughout the summer, and in the fall its foliage changes to vivid orange, scarlet, and red shades, more brilliant and more effective than in the ordinary Japanese Barberry. In this coloring it is unequaled by any other shrub and is followed by the brilliant scarlet berries common to the type, which remain on the plant the entire winter.

All that is required to develop its brilliant coloring at all seasons is that it be planted in full exposure to the sun.

	Doz.	100	1,000
